## Skills

Python | CSS | HTML  
JavaScript | MySQL  
Project Management

## Additional skills

Detail oriented | Adobe  
Photoshop | Adobe  
Illustrator | Photo Affinity  
Photography | Videography

## Summary

I am a freshman at Thaddeus Stevens College of Technology. Currently, I am learning Python, MongoDB and MySQL, which have been both challenging and rewarding. I love the problem-solving aspect of coding and can't wait to see where this path takes me; whether it's building cool projects or contributing to something bigger in the tech world.

## Experience

### **Amazon Fulfillment Center, Harrisburg, Pennsylvania — Ambassador**

April 2021 - Current

I support associates with any barriers or problems during their shifts. I assist in training, ensuring new hires know the proper standard of work. I work closely with managers and process assistants to monitor the progress of new associates.

## Education

### **Thaddeus Stevens College of Technology, Lancaster, Pennsylvania Computer Software Engineering Technology**

Aug 2024 - May 2026

- Dean's List
- After building a strong understanding of HTML/CSS and JavaScript, I am currently learning more advanced topics like creating APIs, database management, security ethics, and software testing.

### **Reading Muhlenberg Career and Technology Center, Lancaster, Pennsylvania**

Aug 2017 - May 2020

- National Occupational Competency Testing Institute Certification
- Explored how to use digital cameras to create impressive pictures and videos, how to use programs like Adobe Photoshop and After Effects, and gained skills in preparing professional prints.
